Step 2

Select a challenge

You can generate challenges up to 2 times

- Imagine you are a young explorer in the jungle, surrounded by amazing animals and plants.
Your challenge is to identify different mammals and learn about their characteristics and habitats.
- You are on a visit to a wildlife sanctuary, where you can observe various animals in their natural habitats.
Your challenge is to focus on mammals and gather information about them from the sanctuary's guides or by observing them.
- You and your friends are on a camping trip, surrounded by nature and wildlife.
Your challenge is to look for mammals in the area and observe their behaviour without
